Hi Jackie,

On August 2, 2018, RB submitted a PRIA application to register Everclean, EPA File Symbol 777-RGL. The master label that was sent with the application included some ingredient disclosure statements that, in post conversations with the Agency, we were asked to remove as the Agency is not ready to accept these statements at this time.

Therefore, we have removed the ingredient disclosure statements from the original master label. Attached below, please find the revised label for your review:

If you have any questions or would like to discuss, please feel free to give me a call at [REDACTED]

Best regards,
Jennifer
